\*Rand article from wiki

Traditionally, films were recorded onto celluloid film stock through a photochemical process and then shown through a movie projector onto a large screen. Contemporary films are often fully digital through the entire process of production, distribution, and exhibition, while films recorded in a photochemical form traditionally included an analogous optical soundtrack a graphic recording of the spoken words, music and other sounds that accompany the images which runs along a portion of the film exclusively reserved for it, and is not projected.

The opening March weekend saw a dramatically lower box office than the same weekend in 2019. The 2019 opening March weekend saw the release of Captain Marvel, which alone earned over US\$3 million domestically that weekend, compared to the 2020 weekends biggest film, Onward, with around US\$1.2 million.<sup>21</sup><sup>22</sup> The next weekend saw the lowest total US box office intake since the October 30–November 1, 1998 weekend, with lower percentage drops than the weekend after 9/11, at US\$3 million.<sup>3</sup> Onward itself saw the biggest weekend-to-weekend drop of any Pixar film, making \$1.5 million, though was still the weekends biggest film and the only one to make over million.<sup>3</sup> On March 19, Walt Disney Studios and Universal Pictures announced that they would no longer report box office figures.<sup>23</sup> Comscore therefore announced the next day that it would indefinitely suspend its reporting of box office estimates and charts.<sup>24</sup> On March 26, 2020, after local transmission of the virus had dropped to 0% in China, movie theaters there began to re-open, with reports that 250–500 theaters were opening, but the next day authorities again closed all movie theaters in the country.<sup>25</sup><sup>26</sup>

On March 5, 2021, cinemas in New York City were given authorization to reopen, subject to the same 50-patron limit as the remainder of the state.<sup>197</sup> On March 11, after Los Angeles County moved from purple to red on the Blueprint for a Safer Economy, the Los Angeles

County Department of Public Health LACDPH gave authorization for cinemas to resume operations in the area at 25% capacity.<sup>198</sup> 42 of the approximately 107 cinemas as of 2019 in the LA area had resumed operations by March 26, with some chains and independent cinemas expecting to reopen over the next few weeks for the opening of *Godzilla vs. Kong*.<sup>122123</sup>
